## SCHOOL BOARD'S REPORT.

The school board respectfully presents its annual report with a statement of the receipts and expenditures for the year ending Feb. 15, 1912.

In only one school has there been a change of teachers during the year. At one time it appeared best to close the school at District No. 2, owing to a lack of sufficient pupils, but with the addition of a few children who had formerly been transported to Greenville, a pleasant school has been maintained. The winter term however, was brought suddenly to a close by the illness of the teacher, and a few days afterward, we were sorry to hear of her death. Miss Bowers had been and most faithful and efficient teacher in our school for fifteen terms.

We had to expend quite a sum for repairs upon the center school but consider that the difference in the appearance of the building will warrant the sacrifice. We also made a few changes in text books, exchanging some of the worn books and introducing the new "Natural Geographies" and "Mother Tongue" language books.

Everyone must realize the moral influence upon children of having good pleasant surroundings in the school room where they spend so much of their time, and of having and keeping clean text books.

We have tried to work for the betterment of our schools, and feel that our endeavors have been rewarded to a certain extent, but still hope for an increase in standard.
